WHAT IS MATHEMATICS?

Summary

- **Fractals**
- **Big Numbers**
- **Board Games**
- **Puzzles**
- **Strange Shapes**
- **Chaos**
- **Inventions and Patents**

$$10^{10^{100}}$$

2
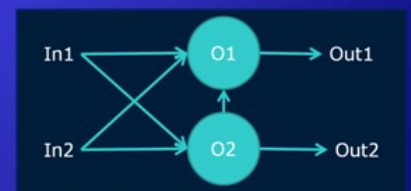

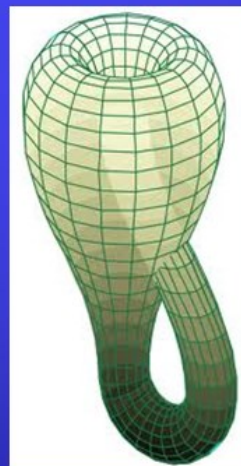

Dr Stephen Lynch FIMA SFHEA

Pupils will build a Sierpinski gasket from used train tickets, cut a Möbius band in half, solve puzzles and learn how to write down solutions, discuss card and board games and see algebra in a new light! They will also learn how Maths has led to new inventions in Computing and Biology!
